**University / Master's**  
of Music Composition  
in Music Composition  
2014 - 2016, BOWLING  
GREEN, OH

**Butler University /**  
Bachelor of Music in  
Composition  
2010 - 2014,  
INDIANAPOLIS, IN

---

### Web Development Work

#### Vices and Rewards

Built With: React, CSS, Node.js, MongoDB, Express, Mongoose, Git

Collaborative savings tracker project. This app provides a graphic representation of savings goals and money saved. I contributed primarily to the backend and User Authentication, but had a hand in the functionality of the app as well, especially the "thermometer" graphic.

#### EasyTab

Built With: React, CSS, Node.js, MongoDB, Express, Mongoose

Full stack app that allows the user to input guitar tablature numbers which are then converted to their musical note names and displayed on a fretboard diagram, to help beginning guitarists learn their way around the instrument. It also uses the Songsterr API so they can search for tabs to learn, and save/make notes about them in a personal setlist.

---

### Experience

**Smash Creative / Intern**  
AUGUST 2019 - PRESENT, SALT LAKE CITY, UT

- Lorem ipsum

**Fat Fish / Server**  
SEPTEMBER 2018 - PRESENT, BOUNTIFUL, UT

- Deliver fast and friendly service and provide recommendations of food and drink to customers to ensure great dining experience.

**Tea Tree Asian Bistro / Server/Bartender & Assistant Manager**  
NOVEMBER 2017 - AUGUST 2018, PERRYSBURG, OH

- Supervised and assisted other servers during shift as a server/ bartender.
- Resolved customer complaints and maintained restaurant atmosphere with fast and professional service.
- Trained new servers on policies and culture to maximize productivity and job satisfaction.

**Camp Ballibay / Head of Rock Department**  
JULY 2016 - AUGUST 2017, WYALUSING, PA

- Managed and supported all Rock staff with teaching, performance, and scheduling issues.
- Created and taught daily Rock and Roll Masterclass Workshops for 30-40 students.
